"Remedial class"

18/12/2023 (Monday)

Today on 18/12/2023 (Monday) a "Remedial class" was organized on the topic "Globalization And Modernisation" at KN Bakshi College of Education, Karmatand. In which today's class was conducted by college teacher Mr. Pawan Kumar suman. Mr. Pawan Kumar suman explained the "Globalization And Modernisation" in detail to the students. Globalization and modernization are very important to make education accessible to all. It is due to globalization that global problems are solved the major ones being peace, security, poverty, illiteracy and unemployment etc. globalization is a medium that connects all the nations so that everyone can solve their problems together. Modernization is a process of bringing about change which means bringing about change in the process of society based on science and technology. The process of modernization is directly related to educational development. Its main objective is to raise the standard of living of the common people. It was an informative session for the students. The main objective of today's class was to explain it to those students who could not understand the topic well in the previous class.
